TO WHOM IT MAY CONCERN

This is to certify that Maurice Pinzana and his company Summit Concrete have been known to our company for over 10 years and have carried out various concreting jobs for our firm. They recently completed Camberwell LTD apartments a 4 level concrete structure and are at the moment working on an 8 level structure in Wilson street South Yarra

I have always found Maurice and his company to be technically excellent and very cooperative in all our dealings. They are particularly aware of time constraints and schedules and the need to work in with all subcontractors to get the desired outcome. Their Safe work Method Statements (SWMS) were produced and followed and were in compliment with our certified OH&S system

I have no hesitation in writing this reference and would be glad to answer any further queries

Yours Faithfully,
MERKON CONSTRUCTIONS PTY. LTD.
