Re: Summit Concrete Pumping Pty Ltd

To Whom It May Concern

I have known Maurice Pinzana on a professional level since 2007 when he was one of the Directors of KPA Concrete Construction Group and when he decided to go out on his own and start Summit Concrete Pumping I continued to utilise his services.

My own company, Summit Formwork, works in conjunction with major building companies such as, Bovis Lendlease, Probuild, Hansen Yuncken, Cockram and Grocon to name a few, supplying formwork for their projects and we utilise Summit Concrete Pumping to place & finish concrete as well as concrete pump hire.

In the years that I have known Maurice I have been able to depend on him; his crew are reliable and easy to work with and they always go the extra mile to ensure that our direct clients are happy with the end result.

I would have no hesitation recommending Summit Concrete Pumping to others for concrete works.

I am happy for you to call me if you have any further queries on 0400 529 816.

Yours sincerely,
